

TALISMAN
'85

The year blasted off not with a bang or a whimper, but more with a wave. A heat wave, that is. For registration and the first week of school, San Marcos suffered through record breaking heat. Temperatures hovered around 100° and students sweltered.

The first day had registration and pre-school jitters on everyone's mind. Also fresh in the minds of students and faculty alike were the memories of the Olympics in L.A. For those who attended, and even for those who didn't, it was a spectacle not soon forgotten.

On this note, school started. For some, the school year dragged. For others, it flew. But no matter which, the 1985 school year started with things like five more days of school and more time in classes to look forward to.

◀ The insanity before new order was put into bus lines.

▼ Pupils who missed registration picked up their schedules on the first day of school.

▲ Pep squad girls helped to get the photos taken in an orderly fashion.

The school population was made up of many different people. It added spice, excitement and interest. One group of people that we came most in contact with were teachers. From the exuberance of Mr. Mongoven to the quiet authority of Mrs. Stern, they guided lives for three periods a day. The other group were the pupils themselves. Our friends and peers helped to shape our outlooks on everything from politics to clothing. The dragon and the knight, our school representatives, entertained us during pep assemblies and football games. Along with the pep squads, they provided school spirit and fun.

OUT OF THE BLUE

Seniors, Juniors, Sophomores, and even the freshmen all have one thing in common (despite what most of the seniors think). All classes have at least one clown, and sometimes they're literally caught in the act of temporary insanity. Other times it can be accurately described as permanent insanity.

Each year our campus is lucky enough, if one can call it luck, to get a set of true individuals. One-of-a-kind, people who can think up outrageous and completely unique practical jokes. If "practical" is the right word. Of course everyone loves these little pranks...

Those class clowns have a knack for what is funny, without going too far. Pushing a teacher just a little too far is an excellent way too find oneself talking to Mr. Glusac about the basics of detention, or worse. For instance, no one should ever disassemble Mr. Shinn's truck without expecting some sort of reaction; probably a reaction at that. That would be one example of when the old expression, "it hit me from out of the blue," would not suffice.

THE MOON IS DOWN

This page is dedicated to two people who both were involved in unfortunate and untimely car accidents. The events surrounding the painful death of Benjamin Miranda and the nearly fatal hit and run of Bob Harman shocked the campus into a state of sobriety and remorse.

For the many people who knew Benji Miranda, his sudden death on September 8, 1984, near Questhaven Rd., brought them much closer. They drew on each other's strength and courage to get them through the weeks that followed. Maggie Bozanich remembers him as one that, "always tried the hardest he could." Simple words will not give comfort to those who were closest to him. He

will be greatly missed.

Bob Harman was the second victim in our school. As he was jogging on Palomar Airport Road, a drunken driver swerved, hit him, and narrowly missed Drew Swonetz, Harman's partner. The accident left Mr. Harman in the intensive care ward at Tri-City Hospital for thirteen days.

Says Harman of the experience, "You sit down and re-evaluate your life, deciding what's important."

The school was anxious to see Mr. Harman back. He stated, "It was very rewarding to see students and all the cards and flowers they sent me."

The shooting stars of this year's fads and fashions ranged from sunglasses to shoes, and everything in between. Hot this year were ghostbusters t-shirts, hats and pins for everyone and anyone. From that, many other fads sprouted off. One was the cub-buster t-shirts which became popular mid-October, just before the world series game between the San Diego Padres and the Detroit Tigers

Also, sunglasses, hats, bracelets, belts and shoes were worn by the well dressed students. These were usually coupled with brilliant florescent colors, oxford shirts, blue jeans and gypsy skirts.

Fads and Fashions may come and go, but whether or not they survive, they leave a little of themselves behind

▼ The Cub Busters t-shirt, which spawned from the popular ghost buster emblem

A SPACE ODYSSEY

A space odyssey, literally an adventure with space, is what we were experiencing in San Marcos High School. For quite a few years now, the school has been growing quickly, and now it seems to have reached almost epidemic proportions. "Elbow room" is becoming scarce, and getting from one class to another is like spending your whole day in Disneyland. Crowds used to only gather if there was a fight.

With only so much time for lunch, it's starting to become a race to the lunchroom. If you aren't lucky enough to be one of the first people down there, then you could spend most of the time just standing in line. There is a line from *2001: A Space Odyssey* which could sum up our situation rather nicely, "Open the pod bay doors, Hal, we're running out of space."

CLASSES

SENIORS

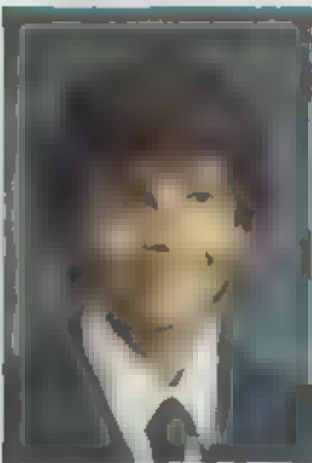

▲ The 1985 Senior Class Officers: Lenny Barbosa, Jessica Brown, Margaret Mahoney, and Steve Villalobos

The officers had a hard time getting things organized at the beginning of the year because of Mr. Harman's absence, they would have never gotten things off the ground without the help of Mr. Manning and the return of Mr. Harman

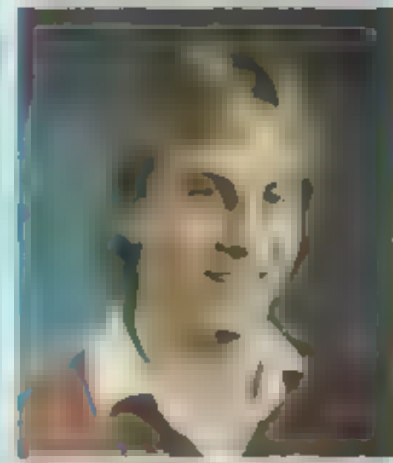

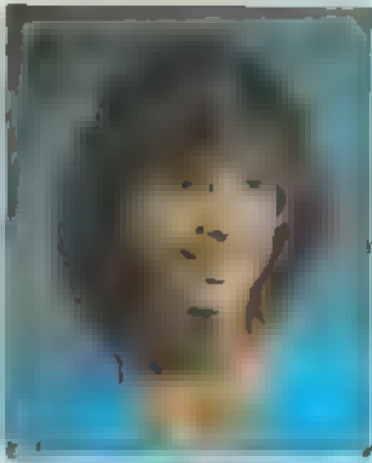

The first fund-raiser, the Welcome Back Dance, was a great success. Everyone seemed to enjoy the live music of Pinstripes

Even though the seniors didn't have a perfect record in class competitions, they were victorious in the toilet papering of Mr. Manning at the first pep assembly. At the second pep-assembly the seniors showed their spirit by wearing more blue and white than any other class.

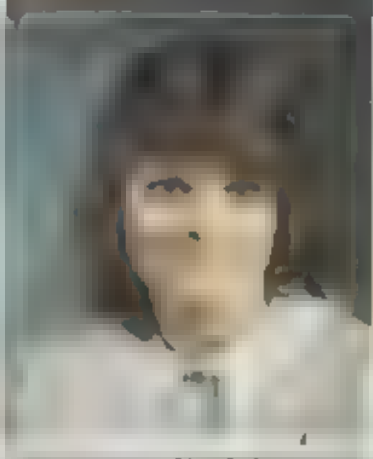

The advisors and the officers did their best to give everyone the most memorable and the best year possible. Let's give them a hand

JUNIORS

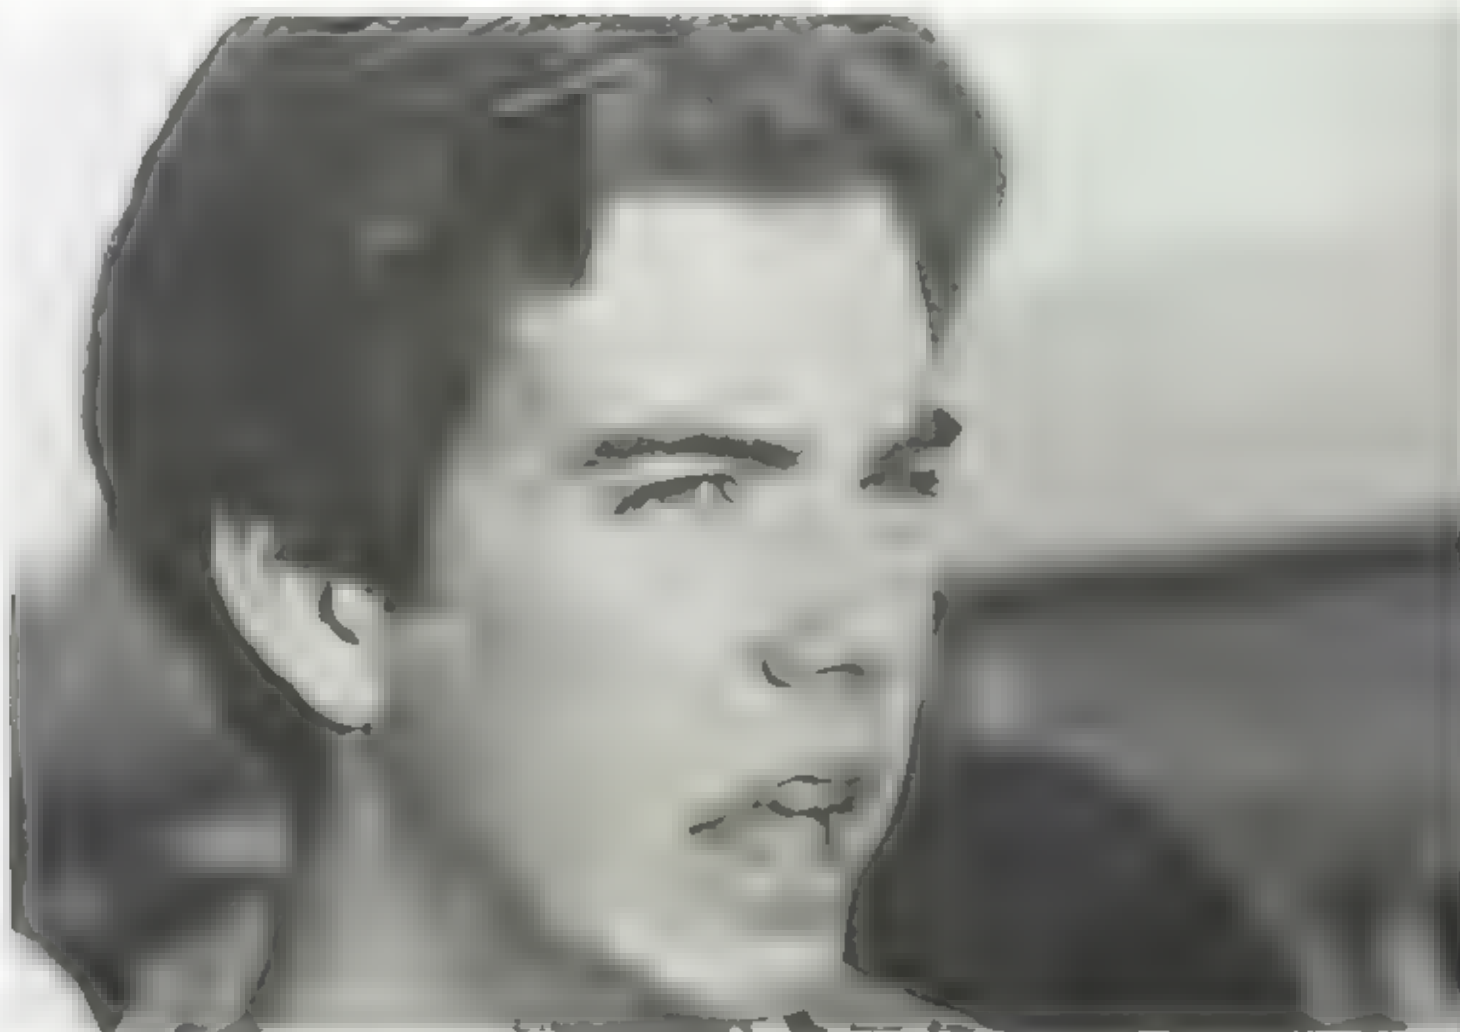

▲ The 1985 Junior Class Officers were Gabe Sanchez, Charmaine Jensen, Traci Thibodeau, and Richard Greeneich

This was a great year for the junior class. Their first event was to prepare the homecoming activities. Homecoming week started off with dress-up and lunch time fun. The week ended with the homecoming game and dance.

The most important event sponsored by the junior class was the junior/senior prom. It was held at the Officers Club at Camp Pendleton and was truly a "Knight to Remember."

SOPHOMORES

▲ The 1985 Sophomore Class Officers were: Andrea St. Clair, Becky Steiger, Christine Spiegel, and Catherine Marchetta

"The spirited class of '87" is an appropriate phrase to describe this year's sophomores, as they launched the year by winning the first class competition at the pep assembly. The sophs were also busy this year, planning the Christmas dance, which included a disk jockey from "After Dark" and a real-live Santa Claus. An extraordinary fundraiser was the "Knight of Your Life" a raffle prize, whose winners were awarded a unique evening full of dreams

FROSH

▲ The 1984-85 freshman class officers were Christy McMillan, Erin Ragen, Deana Dunne and Jody Ballenger

Imagine having over 300 frosh! Well, it happened this year. The 1984-85 freshmen were very cooperative for such a large class. They had a candy fund raiser in January and raised a large sum of money. More proceeds came from the freshman class dance, held in March.

The officers were also very involved in other extracurricular activities. Busy with sports were Deana Dunne, a JV basketball team member and Christy McMillan, who played JV field hockey. Erin Ragen and Jody Ballenger were active in student council. In addition to these accomplishments, the freshman class officers did an excellent and dedicated job running the frosh activities.

STUDENT LIFE

Pre-Game Action

The many pep assemblies this year were kept entertaining through some very hard work by the cheerleaders, flag girls, and flag boys. They're efforts made the assemblies worthwhile. Of course, we cannot forget the band. Without them, the only sounds heard in the gym would have been those of gossip and hot air.

The newest addition to the pep assemblies was the addition of those so-called honor section which seemed to be monopolized by the sophomore class early in the year. Once the seniors and the other classes got their acts together, however, it was a hot spot shared by all

Pep assemblies helped augment the school spirit this year and made everyone feel involved.

Knight Moves

Everyone got rocked out this year at the dances held by the ASB Round Table. One student was quoted as saying, "It's great to have live band's perform for us." Two of the many bands that performed for us were "Street Car Eyes", and "The Pinstripes". "After Dark Sound Productions" DJ'd our Christmas dance, and Santa Claus even showed up for the festivities. Overall, the dances had a great turnout and everyone enjoyed themselves.

Knight of the Comet

As one walked along the corridors of the campus he would have thought he was in Hawaii or perhaps being overrun by Nerds. But that was not the case. This all had to do with Homecoming Week.

There was a myriad of events happening that week; among them were Twin Day, Hat and Button Day, and of course Halloween. One student commented, "The dressing up part of Homecoming week is great." That

maybe true, but some said the eating events were something that shouldn't have been missed. Some events included, spaghetti eating, apple bobbing, and cream puff eating. One student said, "The cream puffs were excellent."

Homecoming Week was a great success for attaining school spirit. Students showed enthusiasm for our school each day by dressing up and pigging out.

The Royal Stars

"We're playing who for homecoming?" The answer to this question seemed quite dismal for our fighting knights who were to be matched up against the very stiff El Camino pirates. Not a team had even scored on their extremely physical and aggressive defense over the past 27 quarters, but the knights did on a long run from scrimmage on their first possession. Although we lost the game it wasn't quite the blow out it might have been, and it certainly did not put a damper on the night affairs

During half time, the royal court, consisting of (Freshmen) Mark Villalobos and Yvette Gurule, (Sophomores) Jim Jennings and Tracy O'Rourke, (Juniors) Gabe Sanchez and Keri Colven, (Seniors) Bronco Farwell, Vesna Grubic, Dan Broach, and Kim McNally, was introduced. The King, Steve Villalobos, received his coronation from last years ruler, Louie Cabrerro, while Lori Williams accepted the crown from last years queen, Tricia Gomez

Do You Remember? . . .

The Prince Invasion? Vanessa Williams' past? Efforts to help Ethiopia? A royal birth? San Ysidro? Reagan's re-election? The "Gilded Age" revived for Hedgecock? L.A.'s "Big Event"? Rock sensatin Prince followed Michael Jackson in encouraging trends. Meanwhile, Prince Harry made his debut at Buckingham Palace as the second son of Charles and Diana. Compassion and dedication highlighted the big newsmakers of 1984/5. Bandaid initiated aid for famine-rid African countries. Ronald Reagan became the oldest president to be elected to a second term as San Diego's Mayor Roger Hedgecock went on trial for political fraud. And, "strutting their stuff," the best athletes in the world gathered in Los Angeles for the summer Olympics, remarkable Mary Lou Retton arriving with them. The headlines of this past year bubbled over, beyond recounting. Which ones do you remember?

So Excited

The varsity cheerleaders did a fantastic job of raising school spirit and leading their many teams on to victory. Led by Captain Kerri Colvin and co-captain Deanne Vought, S.M.H.S. was represented in all areas of athletics filled with spirit and pride. Their hard work showed with their excellent performances at games and pep assemblies.

Congratulations on a great year!

Songleaders Shine

This year's varsity songleaders represented S.M.H.S. in many different ways. They promoted spirit at games, performed at pep assemblies, and successfully competed at many different competitions. Margaret Mahoney was their captain and Charmaine Jensen their co-captain. Much time was devoted to hard work and practice for as seasons throughout the year, which showed in their many excellent performances. Thanks for a terrific year!

Shining Brightly

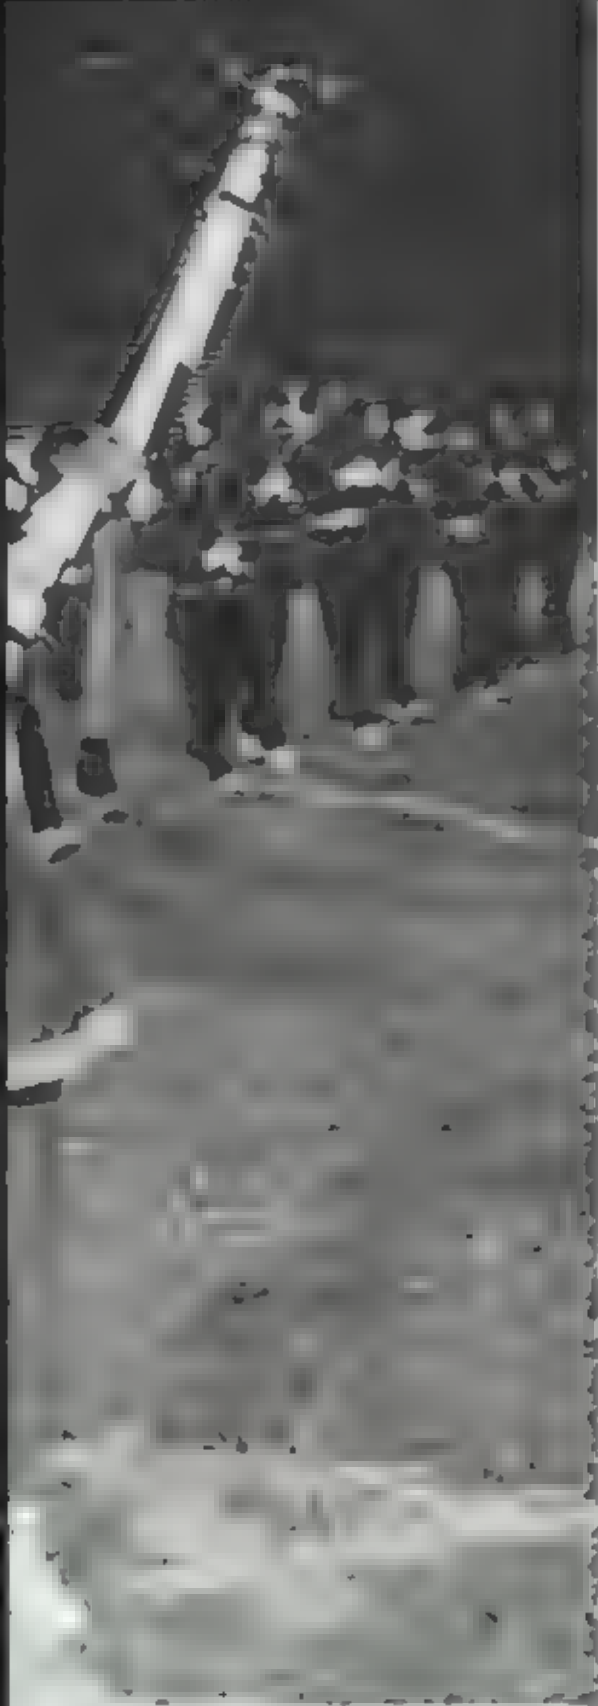

The 1984-85 Letter girls had an excellent year. Led by co-captains Shannon Callen and Daphne Charqualaf, the squad has had a memorable year. Although they had only one competition, their outstanding scores through the year helped the band achieve several trophies.

J.V. Cheer helped excite the crowd at Squire football games by leading them in rousing cheers. They also provided entertainment at many pep assemblies. Their final appearance of the year was at the Cavalier Calvalcade.

Tall Flags are an extremely active group at SMHS. Competing in halftime tournaments, parades, and festival competitions really kept the girls busy. They also participated in many school activities, such as assemblies, halftime shows (football and basketball), and wound the year up with a stupendous routine at the Cavaleir Cavalcade.

This year the Short Flag Twirlers were invited to perform in Japan. This was an all expense paid trip which took place over Thanksgiving vacation. The Flag Girls were part of a 50 girl "drill team," from throughout California. They performed in Tokyo at one of their more prestigious Universities. The girls were representatives of the U.S.A. They were requested by the camp they attended this past summer. At camp they received a variety of awards such as two 1st places for their competitions, the Spirit Jug, and the Sweepstakes trophy over 15 other teams. Each individual girl won 1st place ribbons for their participation and spirit. "We have a hard working team!" said captain Michelle Wick. Lieutenant Maggie Bozanich was quoted as saying, "Our team was always striving to do its best."

For Your Consideration Please

Fellow Knights, let's give a hand to all the groups that entertained us this past year. Some groups, unfortunately, aren't pictured. This doesn't mean they aren't appreciated. We'd like to thank the following groups and their advisors: Songleaders, Cheerleaders, J.V. Cheerleaders, Flag Girls, Letter Girls, Flag Boys, Tall Flags, The Marching Knights, The Troubadors, and last, but definitely not least, The Mascots. Do to dedication and hard work, these people made the 1984-85 school year one of the best yet

Hot Stuff

Once again the Spirit Groups put on an extraordinary show. The audience was treated to a smashing evening. The choreography and costumes were spectacular. The music blazed fire and ice, while the dancers charged the air with electricity! The many hour of preparations paid off. The final product was polished, professional, and the epitome of ease

The Marching Knights had a rocky start at the beginning of the year, but managed to get on the right track. The Knights took 1st place in division A, at the Oceanside Christmas Parade. The Knights also performed at the Maytime Band Review and at Disneyland

▲ Great field formation helped lead the Knights to victory

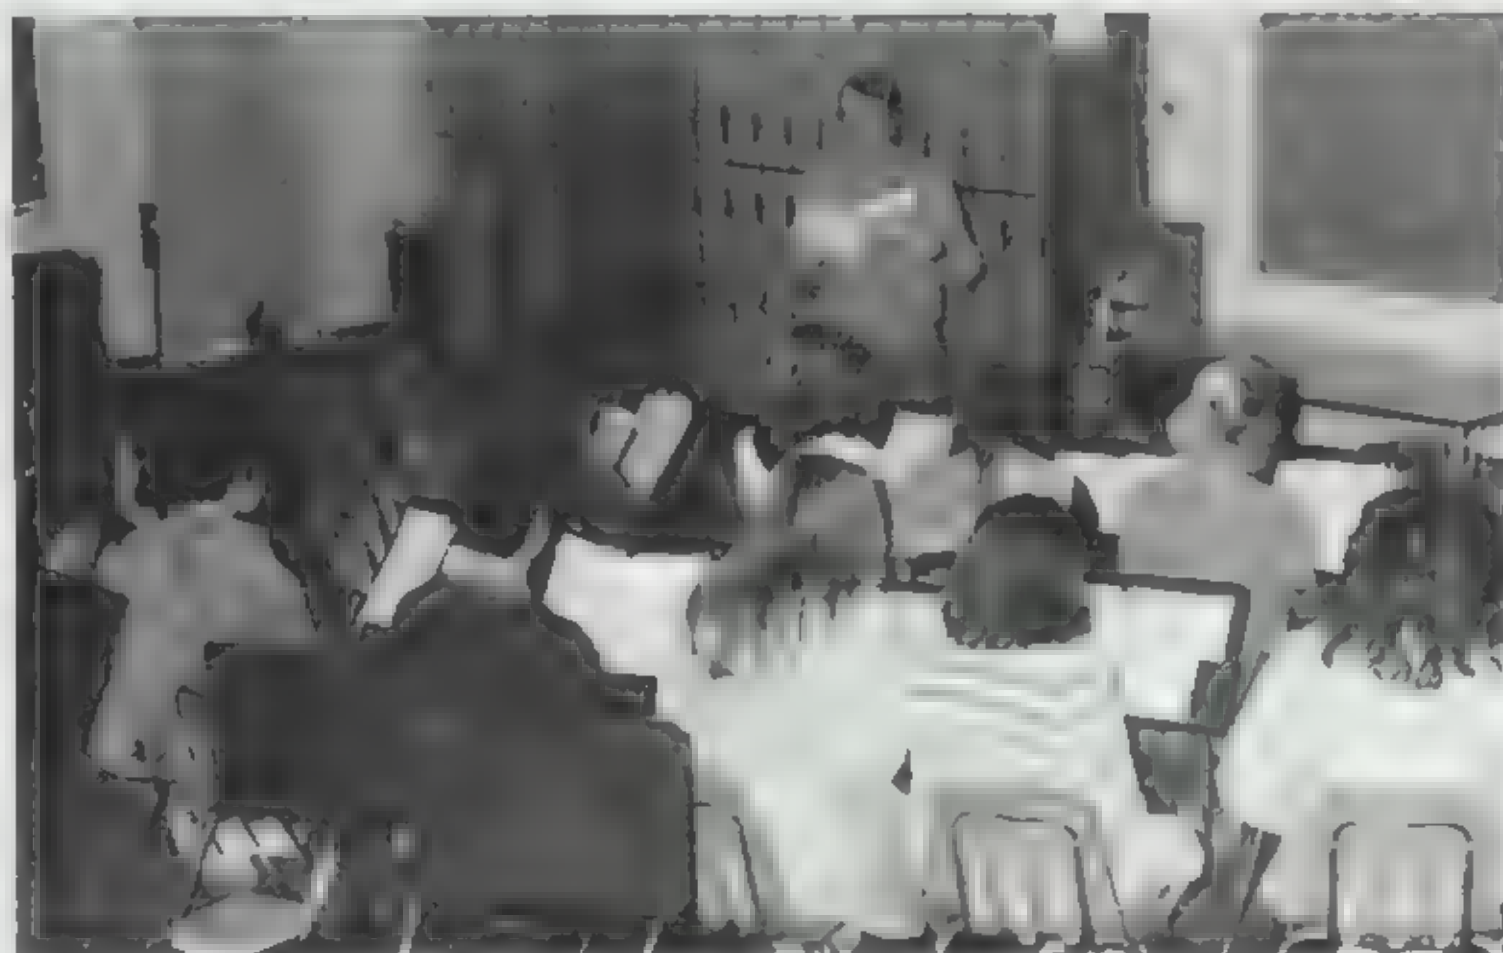

▲ Les Samenow, leads the Troubadours in another successful rehearsal

That's Entertainment!

The Troubadours, as usual, provided excellent entertainment this past year. During the Christmas season, they performed at several local mobile home parks. They also appeared in the music departments annual concerts. In spite of a drop in membership the Troubadors maintained high standards in their many performances.

The Miracle Worker Shines

In the fall of 1984 the Drama Department put on the play *The Miracle Worker*. The cast consisted of seventeen actors with Michele Abreu as Annie Sullivan, Kori Beasly as Helen Keller for five nights and Becky Snow as Helen in the final performance. They built a strong trust and friendship that helped them in many of the scenes between Annie and Helen.

Kori Beasly was attracted to the play because "the way they portrayed Helen." She enjoyed the play to the point of behaving like Helen at school. It became like "second Nature" to her.

The play ran for six nights and was well received by the community. Each night the audience grew in size. All the performers deserve a big hand of applause.

Spring Stars

In Spring of 1985, the SMHS Drama Department staged the musical by Sandy Wilson called "The Boyfriend." This delightful spoof on the roaring 20's featured such talented SMHS students as Steve Schaeffer, Dana Kristjanson, Wendy Barrom, Fernando Vega, Chamaine Jensen, Jason Nelson, Rex Newport, and Amy Reed. This group of young stars and many others helped to put on one of the better productions in SMHS history.

The show ran for six nights in May and received great reviews along with thunderous applause.

This was the first show in SMHS history that was totally student run. This included student stage managers, assistant directors, choreographers, lighting and sound technicians and costume designers. We of the cast and crew would like to thank Ms. Monica Weatherholt for letting us be so involved with the production and also thank her for her technique, patience, and professionalism as a director.

ONE TEAM ONE GOAL

Carrying a record of 5-1 in league and 8-2 overall, the Knight's Varsity Football Team did reach their goal — the CIF play-offs. The Knights battled their way through one of the toughest schedules Ken Broach has ever seen as head coach. The Knights not only had to battle a rigorous schedule but also the critics. In the preseason, the Knights were picked to be last in the Avocado League, but supporters of this idea were made short work of when the Knights earned a 7-0 record in mid-season and eventually took second in the Avocado League.

When asked about his feelings towards this year's season, Coach Ken Broach replied, "This year we had many seniors rise to the occasion and have their best year as a football player. We as a team worked very hard and tried to play as one. I believe we really came together as a team. I'm proud of everyone on this team."

With such talents as Keith Helm as the quarterback and a strong defense led by ruthless tacklers like Mark Nichols and Scott Masters just didn't seem to help the team. They had a slow season filled with many defeats. The team is looking forward to giving every team they lost to a taste of their own medicine next year

FRESH SEASON HIGHLIGHTED BY VICTORIES

The San Marcos High School freshman football team had a more than impressive season as they became the undisputed Avacado League Champions with an undefeated league record of 6-0. Starting the season a little slow in non-league play the Paiges were able to come together in league play

Head coach Ron Lavton comments "We had an outstanding league season this year. Our team came together and played as a team on all points of the game of offense, defense and special teams. Having played hard, we never gave up and showed great character. It was a pleasure coaching these kids."

OFF AND RUNNING

The Boys' Varsity Team's record of 6-4 was one of the best in the history of San Marcos High School. All Avocado League (first team) Jeff Desorbo helped to lead the team as acting captain

Teams such as Sweetwater, San Clemente, Escondido, San Pasqual, Oceanside and Carlsbad fell to defeat under the powerful Knight squad. This year's stars include players such as: seniors Steve Schaeffer, Dwayne Gehrig, Raul Torres, Todd Merrifield, junior Kevin Everett, sophomore Rick Masters, Jim Lynch, Mike Emge, Roland Rick, and freshman George Mojica

"Finishing second in Avocado League is quite an accomplishment considering the talent of the other teams," Raul Torres commented. But the entire feeling of this year's cross-country team can be encapsuled in the answer that Steve Schaeffer gave when asked why he ran

"I don't know. Maybe it was for the comradery that is unique to a team, especially ours. Maybe it was for the challenge this sport poses to oneself — because when you run, you run alone."

"I run because I love it! The people are great, the sport is great, how could someone not love it?" exclaimed an energetic Mike Francis

Great was right. Finishing with an impressive 4-2 record, the Squires had every reason to love it

"We worked very hard this year. Nothing was given to us . . . we had to earn every bit of it." The team gained much experience and is expected to be a top contender in the years to come.

OFF AND RUNNING IN 30

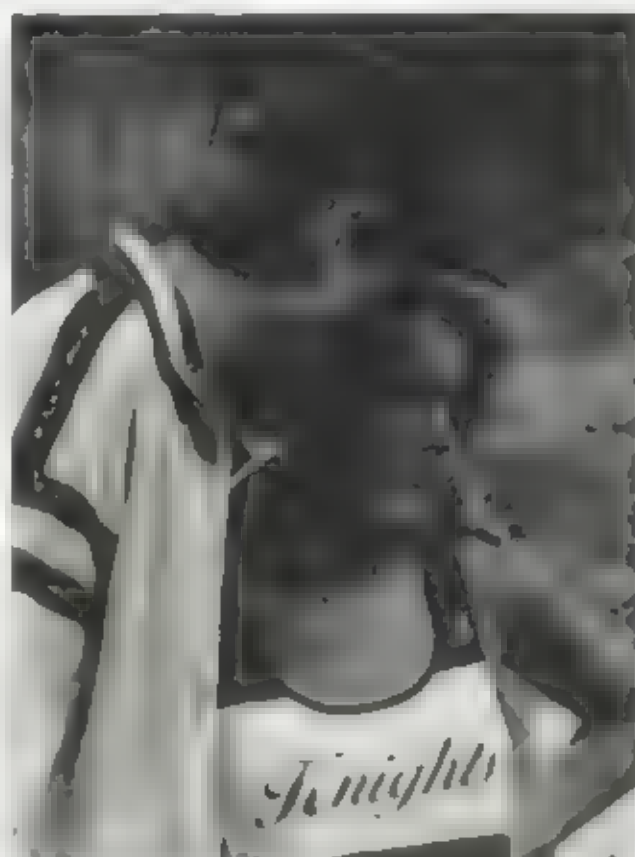

Although the girls' record of 2-4 doesn't show it, they were one of the more well-rounded teams in the Avocado League. It wasn't until the final two meets where injuries and sickness plagued the team.

"The closeness of our team made the good times so much more fun and the bad times so much easier to get through," Sheri Miklos admitted.

Highlights this year include: freshman Katrina Glusac's nomination to second team "All C.I.F."; placing fourth as a team at Mt. S.A.C.; and placing sixth in C.I.F. preliminary meet.

"Cross-Country has meant so much to me during my high school years. The parties, terrific coaches, and great friendships I made that I will never forget."

OFF AND RUNNING THE FINAL CHAPTER

The female Junior Varsity runners repeated last year's record with a winning season of 4-2. Experienced seniors Adrian Lisi, Teresa Andersen and Cara DeSio set the pace for some of the younger Knight runners.

"We didn't have any one or two outstanding runners this year. At any particular meet, anybody on the team was capable of pulling off a victory," Teresa Andersen commented.

Placing third in Avocado League tells a lot about the dedication and enthusiasm the runners and coaches possess this season.

IN THE SWING OF THINGS

This year's girls' tennis team finished with a disappointing 3-9 record, but it was still a growing experience. "Even though we didn't win a lot of matches, I felt this year was fun and by the end of next season, I hope to reach 5'2"," said Karin Perkins

One of the major problems that the team faced was inexperience. The team had only two seniors, Leslie Lang, and Carol Chin. Rounding out the team were juniors Christy Arthun, Dawn Hatten, Rene Millar, Karin Perkins, Kathy Oliver; sophomores Jennifer Mitchell, Lisa Belke, Alana Kampf, and freshman Ashley Reynolds. Alana Kampf had this to say about the team's inexperience, "This year our inexperience hurt us, but I feel that it helped us all in our ability to play together as a team."

Overall the 1984 girls' tennis team will be looking forward to a great 1985 season. "Next year the team should be much better because we will have a lot of returning players," said Robyn Green

A YEAR FOR REBUILDING

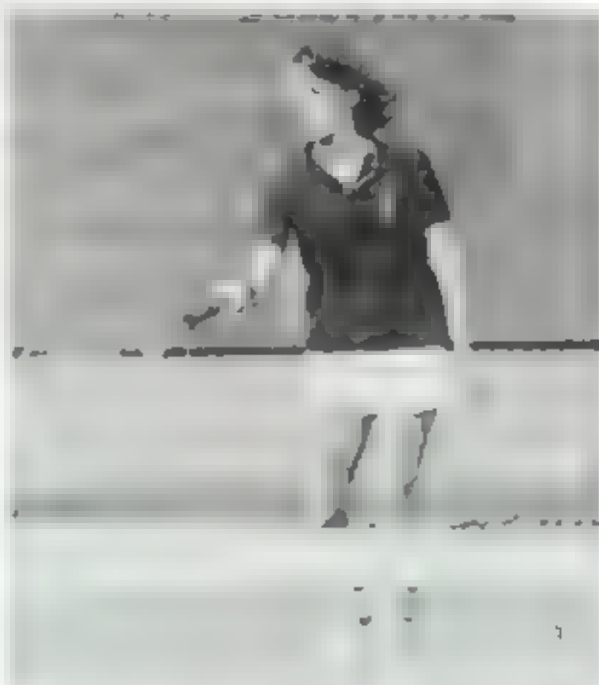

There were no returning players on this year's J.V. team. Even though the team lacked experience, they still had a winner's season. Their final record was 7-6. With 17 players, this year's team was one of the largest in San Marcos history. They worked hard every day after school and even spent several Saturdays working on their games. Together they were able to help each other and produce a winners team.

Of this year's girls, Coach Lostel had this to say, "I felt that the strong points of our season were, our ability to help each other play, as a team rather than as individuals."

"Under Coach Andi Dahl, the girls progressed well, they showed a lot of improvement, and provide a good nucleus for next year's J.V. Field Hockey Team. The team finished the season 7 and 4, with one tie. Players like Lisa Barone, Valerie Edrozo, Kristen Hurd, Nubia Cortez, and Edie Smith supply "a good combination of experience and very experience," the coach added

AVO LEAGUE CHAMPS

The girls' Varsity Volleyball team's record speaks for itself this year; an impressive 12-0 season!! "The girls really showed what they were made of. I knew that they had the talent. They knew that they had it, but took a lot of hard work and dedication to prove this to everybody else," Coach Akins stated

As predicted, the girls dominated the league. Coach Akin's unrelenting drills and practices attribute much to the success of the season. "He pushed us farther than I ever thought possible. We improved because we weren't satisfied with good, we had to be better," Susan Phillips stated

Leading the team were starters: Kim Johnson, Mary Streshly, Susan Philips, Robin Paladino, Teresa Marchetta, Celest Hook, Geri Higgins, Lisa Flora, Brenda Kriche, and Kim Edwards

Susan Phillips was awarded for her fabulous performance by being unanimously named Avocado League Player of the Year for 1984-85. Teresa Marchetta was also honored by being named to the Avocado League first team

BUMP, SET AND SPIKE

Under the leadership of Coach Contreras, the Squires tear up the Avocado League with an impressive 8-4 record. "I was very impressed with the quality of players and their intensity towards the game," Coach Contreras remarked.

The team improved last year's record by two wins despite the fact that the quality of the league was greatly improved.

Leading the team were starters B. Todd, D. Meum, C. Hintze, R. Whaley, S. Mash, G. Santiago, S. Dulin, K. Gray, S. Becker, and J. Smith. This year's freshmen were the key additions to a squad filled with vacant starting positions. Team spirit and enthusiasm were apparent both on the court and off.

FAST BREAKING NEWS

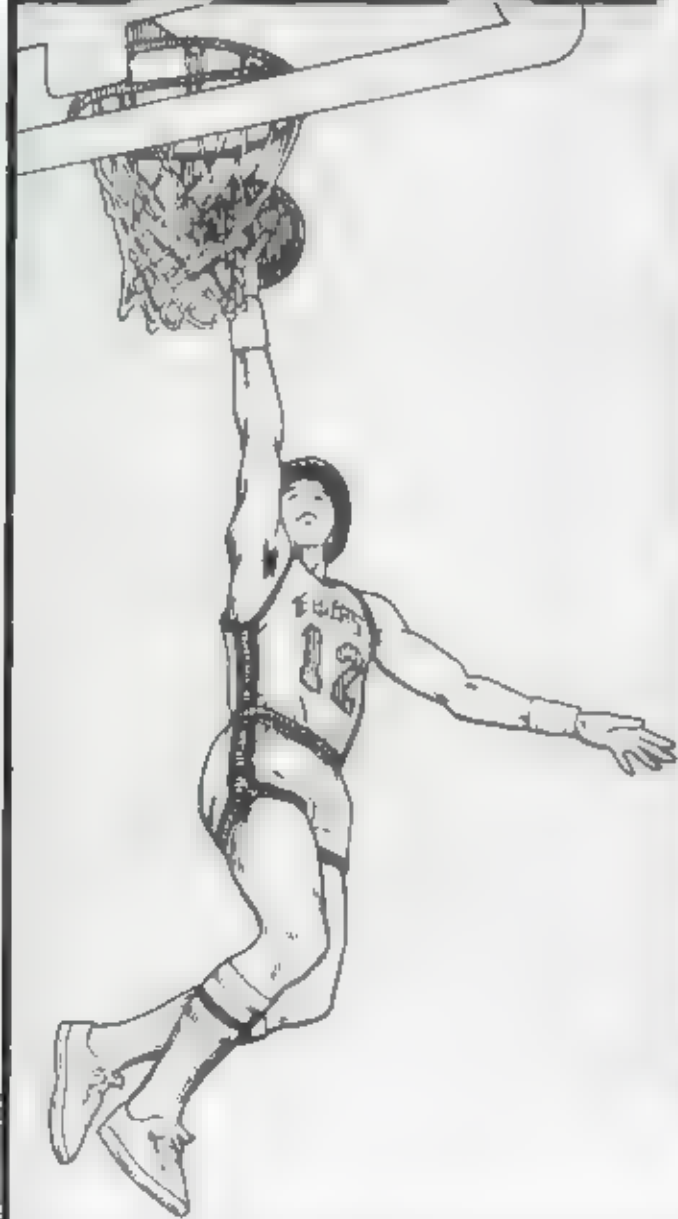

Perhaps the 84-85 basketball season could be summed up in two words — help wanted. The varsity boys' basketball team went through a drastic change this year as did the whole program. This change was especially drastic on seniors Greg Helm, Pat Peters, Kipp Landis and Eric Windsor. Although these gentlemen were used in a different program in the past, they seemed to have handled the change well. Eric Windsor and Greg Helm both feel that Coach Belcher is a fantastic coach and just got off to a bad start with a disappointingly losing record of 0-12 in league. "I feel that this program, in the near future, will bring a force in basketball that will dominate the Avocado League." Belcher felt his team worked as hard as possible. He had no problems with their intensity and hustle. He just wished that they could have put all four quarters together.

FOLLOW THE BOUNCING BALLS

It was an incredible year for the 84-85 Girls' Varsity Basketball Team. This experienced team, which included seven juniors and two sophomores, captured a solid second place with a record of 10-2 in league play.

"Although we weren't able to win the league this year, I felt that we played hard and had the potential to take league. Since there weren't any seniors on the team, it looks like we'll have the same team back next year. Only time will tell how much we will improve between now and then," Kathy Oliver optimistically stated.

Coach Robert Kellison has once again turned in a great season. "He worked us hard! And don't let anyone tell you otherwise. But he pushes us just enough to improve. In my opinion, too many coaches push their players too hard, too fast. As a team, we strove for success. That and winning are two different things," said Robin Palidino.

A KICK IN THE GRASS

The Boys' Varsity Soccer Team once again had a winning season. Their record of 6 wins; 5 losses; and 1 tie proved to the league that San Marcos is no pushover.

"Although we had a decent record," Lenny Barbosa stated, "I felt that we had much room for improvement." When asked what the major weakness of the team was, he replied, "Our inexperienced offense and their inability to score." Dennis Schloss was asked how he felt about the season, and only replied, "The uniforms were great, but I'm glad it's over!"

ENTHUSIASM PREVAILS

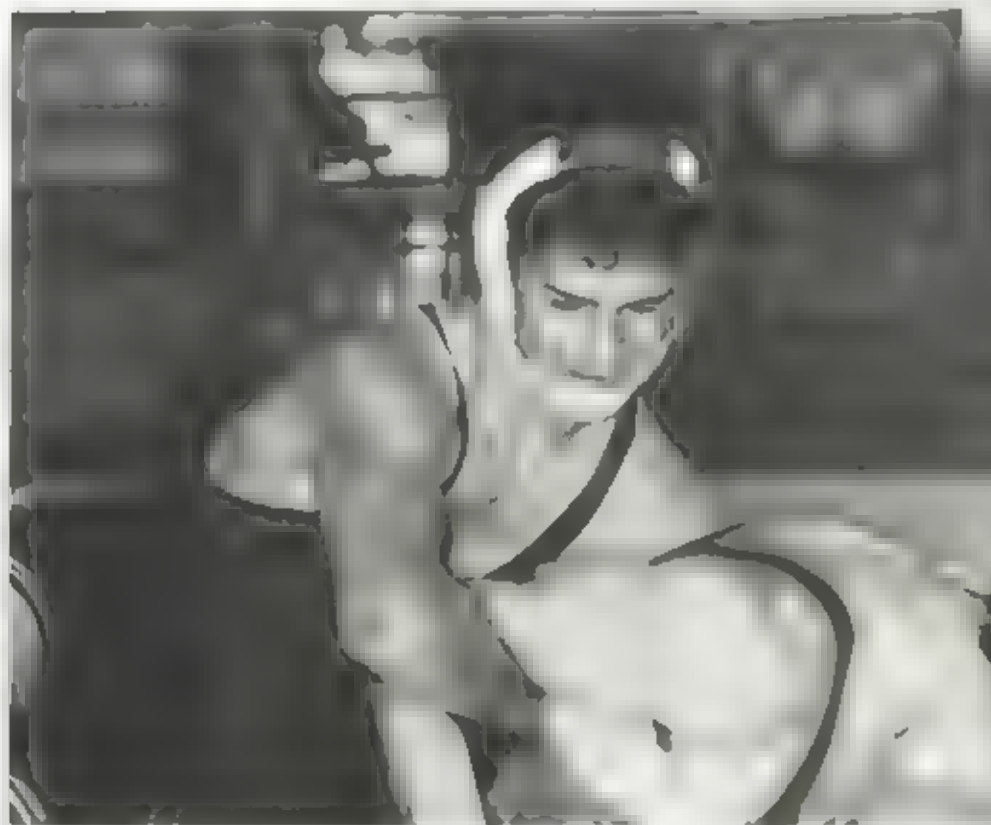

"We had a very interesting year as a team. Although our team record had its ups and downs, we remained fairly steady as a unit. I felt comfortable on the field because we (the team) worked so well together. I really had a great time!" Roland Rick had to say about the year. The Boys' junior varsity was lead by Coach Barrios and the overall team unity grew closer with every practice and game. Some of the players were quite small but that didn't hinder their playing abilities, in fact it surprised the opponent. Hopefully next year this group would prove strong for the varsity team

BLOOD, SWEAT & MORE SWEAT

The 1984-85 Varsity Wrestling Team had a very successful season this year. Due to the loss of graduating wrestlers, younger and less experienced players were forced to fill the shoes left by last year's outstanding team

"Personally, wrestling is a form of expression. I work very hard at it, and in the end, it all pays off," said Dan Donaldson

GREAT FUTURE POTENTIAL

The JV Wrestling team had a good season under Coach Barrios. The fourteen member team had many tough matches, but overall they had a satisfying season. Coach Barrios feels sure that his team will dominate the league in future seasons.

The team also feels good about its own talent. They are all confident about becoming better and better even though they were pleased about their season. The Team Members were J. Koset, G. Lohf, R. Ray, T. Holliday, J. Blacklock, C. Blackmore, J. Nichol, R. Holliday, J. Silva, M. Mecker, J. Mason, J. Richardson, P. Medly, and L. Schleich. GOING, GOING, GONE

In the past, Coach Ron Layton's baseball teams have been blessed with talent. But all of this is different now; not that the 84/85 Varsity Baseball Team does not have talent, but that this year is the year the team goes all the way! This is the year that all of the potential, and all the talent will take the Knights to the CIF Championship

Mike Ponto, a three year starter, had this to say about the team: "This year is going to be incredible. Being that we have so many seniors, it's like we have this attitude of it's 'now or never.' I really feel that I've never been on a team with so much enthusiasm and motivation for winning. Much of this can be attributed to the coaches

THE GREAT PHOTO MYSTERY

The Girls' Varsity Softball had a tremendous season and totally dominated the Avocado League. The team had a lot of depth in the pitching area along with talented batters. They started the season against the tough Carlsbad Lancers and defeated them. Since then, the team has totally obliterated many teams. This is the year when everyone is out to defeat the San Marcos Knights. Head Coach Leonard Gahn was confident the whole season while his team lead him to CIF. "This is one of the best softball teams I've ever been on," said right fielder Becky Stieger. The team also owes a great deal of success to assistant coach Sandy Donaldson who put a lot of effort into the team. At one time, the team was ranked second in the county behind Madison, a tough 3A opponent. Overall, these young women had one of the best sports seasons to compete for San Marcos High School.

A YEAR FOR REBUILDING

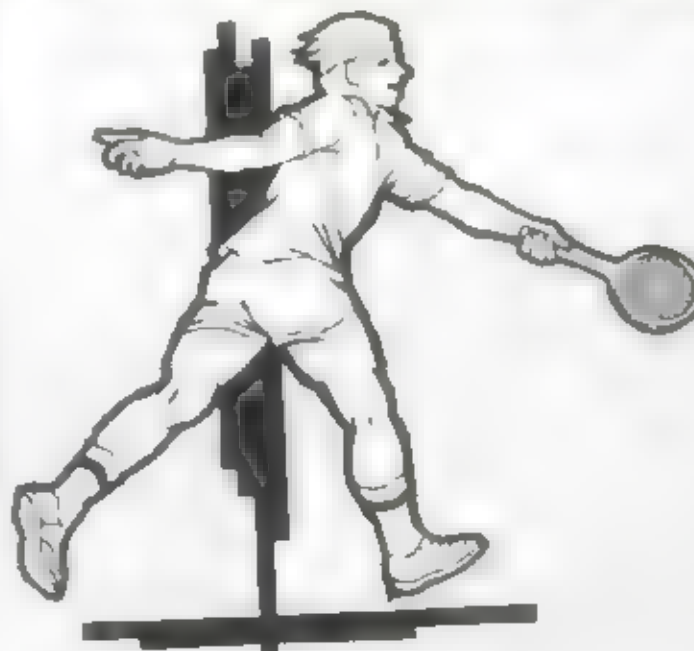

The 1984-85 Boys' Varsity Tennis Team season can be summed up in one word, "REBUILDING." Four of the five seniors believed to return this season were plagued with injury or residential problems.

"I can't sit back and complain about this, or that. A person can always find an excuse if he looks hard enough. All I can do is my best," stated Charles Kim, the number one ranked player this season.

Also returning, junior Ricky Clark, had this comment, "The team this year just didn't have the leadership that we have had in the past. The prominent players who we expected to return, did not. It used to be in the past that when we won a big match, that the entire team would go out for pizza. Since then I've lost a lot of weight."

TOMORROW'S STARS TODAY

The JV'ers have also suffered losses along with the Varsity squad. Since there were so many vacancies on the Varsity roster, many of the high-ranking JV talent has been moved up.

Coach Gary Lostall is accredited for the successful development of the fundamental skills in many of the younger players. He has instituted a motivation among his team that can be seen through his championship season of a year ago.

"I feel confident that next year's team will be much improved over this year. You just caught us between years," commented Eric "Hack" Roenker.

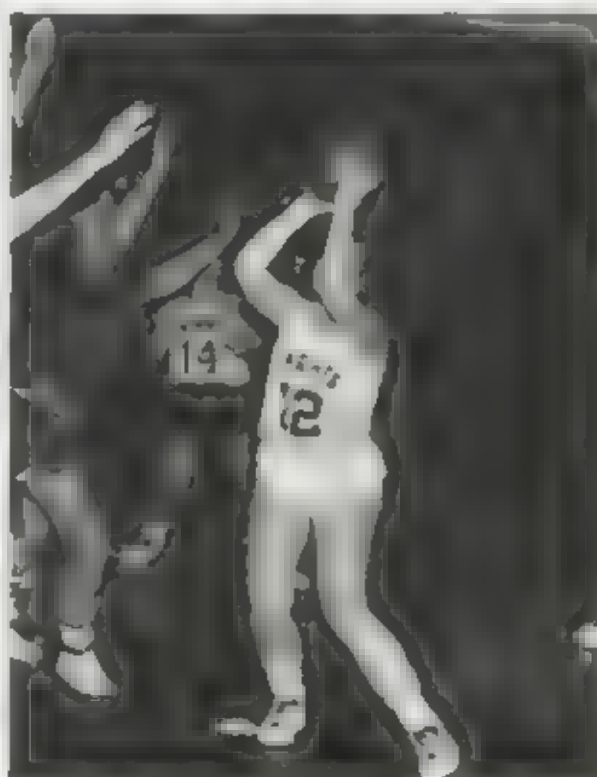

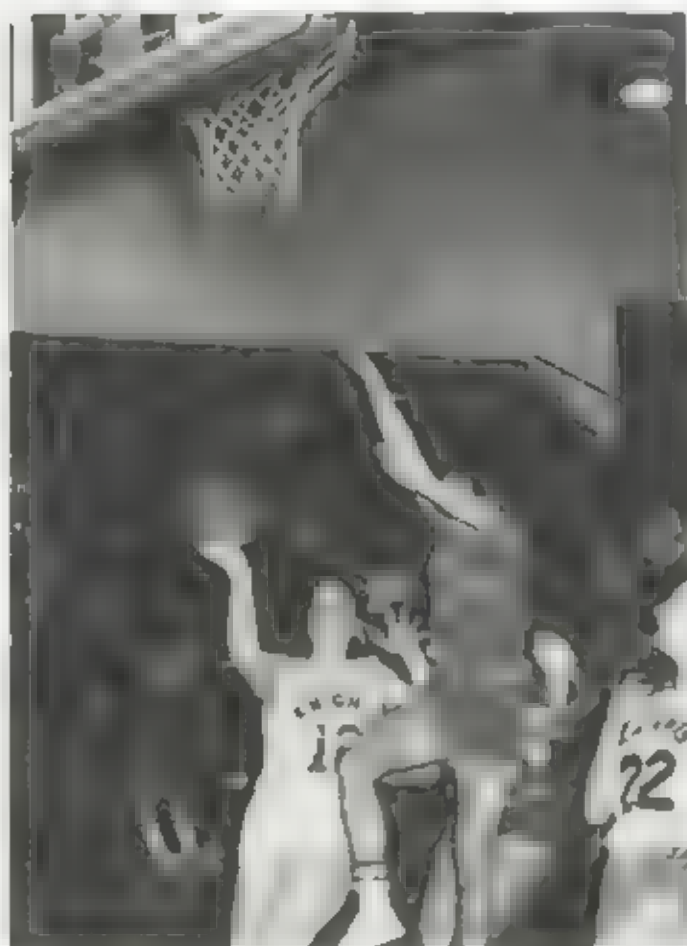

Presently, the tennis program is going through some "growing pains" but coach will soon have San Marcos among the ranks as seen in the past.

FOLLOW THE BOUNCIN' BALLS?

The 1984/85 Girls' JV Basketball team enjoyed a fine season under Coach Leonard Gann. This year's team was led by returning players Mary Brooks, Shiela Fields, and Vanessa Villalobos, as well as freshman Ashley Reynolds. This year's team really played well together and because of this, they won some big games. They were considered the best in the history of San Marcos High. Players that turned in great performances include Mary Brooks, Rachel Whaley, and freshman Yvette Gurule. Despite some injuries, it turned into a great season. Said one player, "We expect next year's season to be even better." Mr. Gann also seemed optimistic about next year's season. Thanks JV Girls!

This year's girls' JV Softball Team had a final team record of 4-2 in the Avocado League. Coach Leonard Gann said that he has had more talented teams but that this team performed to the best of their ability. "They gave their all. They really played up to their potential."

"I felt that we really played as a solid team, as a whole unit," Mary Brooks had to say about the team this year. "I feel that everyone really gave their all and that we really had a productive year. In years to come, this team is sure to be a contender to be dealt with. I've created many new friendships, and I value the time spent improving the team."

FUTURE HOOPSTERS

The JV team was filled with talent this year. Mike Francis, Mark Nichols, Mike Perry, and freshman, Rick Ebert, lead the team along with Sean Swertzer. Lead by rookie coach Ken Franklin, the JV team went on a winning streak paused only by a single loss to Ramona. This team shows prospects of being a league leader in the varsity ranks. ANOTHER FINE SEASON

Under the inspirational coaching of Jan Mongoven, the Boys' Junior Varsity Baseball Team has yet another winning season. Keeping in the tradition of a successful baseball program, Coach Mongoven strives to utilize his player's talent potential to the utmost.

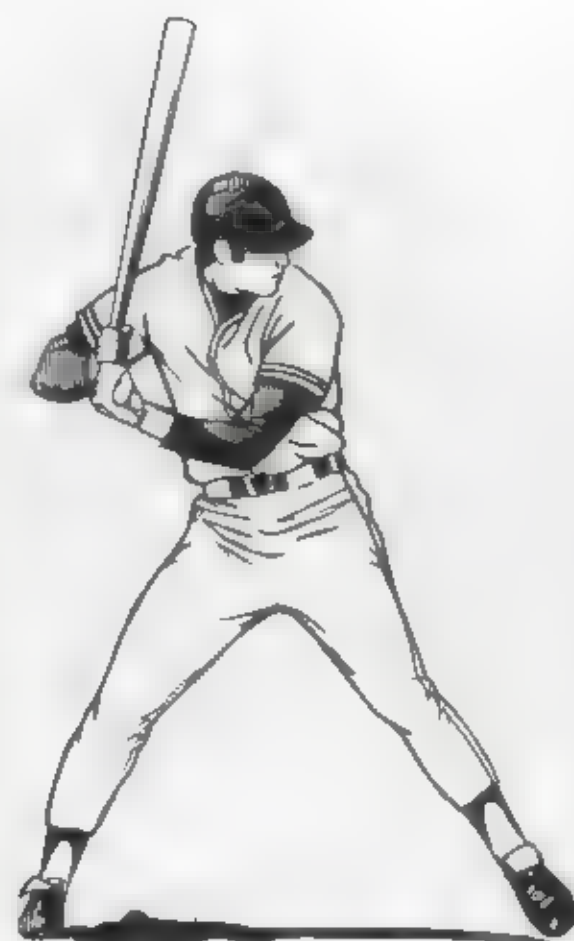

"The man is a bundle of energy," replied Keith Helm. "Coach Mongoven can push me like no one else I know. I have nothing but the highest regard for him as a person, and as my coach."

Among the returning players are juniors: Marcos Garcia, Rich Greeneich, Robert Griffin, Steve Grod, Mario Morlacci and Rob Rubodoux. Also included on the team's roster are eleven young sophomors who are believed to be loaded with potential.

FUTURE STARS OF TOMORROW

The Boys' Freshman Baseball Team is expected to be "One of the Most Powerful Freshman Teams" ever assembled at San Marcos High School. When looking down the roster, names of people associated with SMHS from previous years catches the eye. Names like, Ashby, Goff, Lozano, Villalobos and Williams brings back memories of days gone by.

"I'm really looking forward to playing baseball with these guys in the future," Marc Villalobos had to say, "we all seem to get along real well. Our goal is to be better than any other team to ever come through this school!"

Coach Tom Gribus is very optimistic about the future of these talented youths. "The talent of today is the destiny of tomorrow."

WAY UNDER PAR

The JV Golf Team, in the past has had an incredible record in past years. Their credentials throughout the local golf circuit is one of prestige and dignity. This year is no different. When people think of San Marcos, what do they think of? Pregnancies right! No!! They think of our golf team. Locally, we are respected for our talent, afar, we are respected for our courtesy and respect for the wonderful game of golf.

"We had a great year. I felt that this year was a great learning experience, and will prepare me for the golf circuit in the near future," stated Scott Comatchy.

A YEAR IN SPORTS

A YEAR IN SPORTS

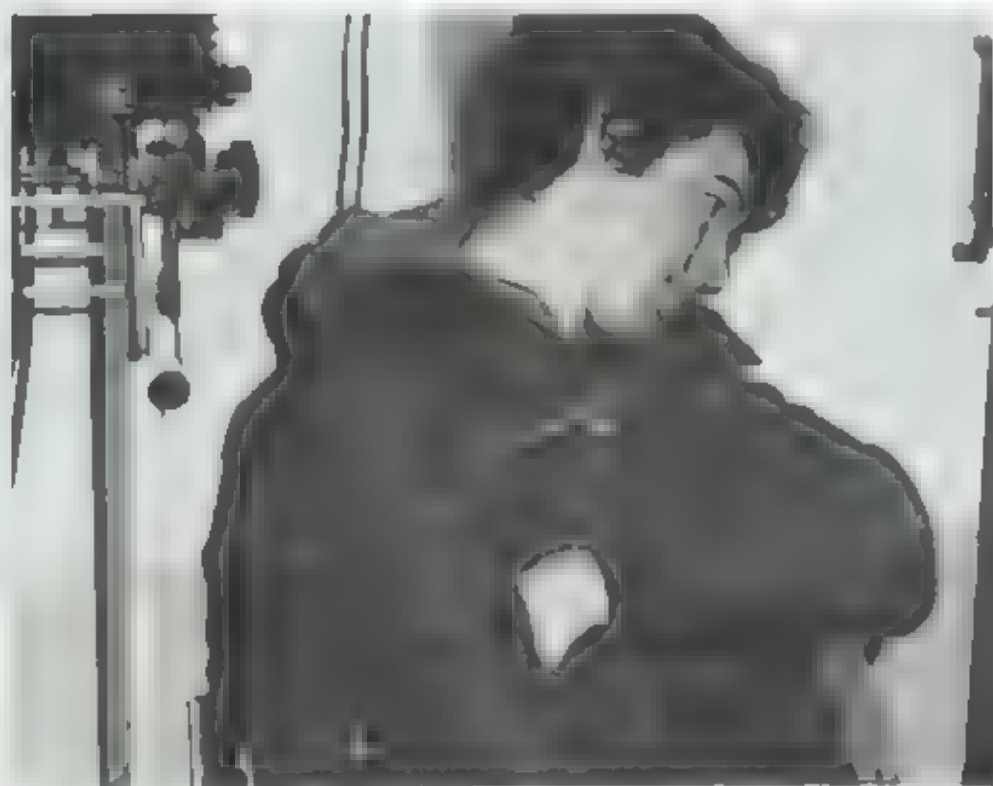

NOW OR NEVER

We've now been working on this section for seven months, and we think it's time to go now. So, from us, Dave Thoma and Paul Hammer, we'd like to say "Happy Christmas" and that it has been wonderful to be a part of such a dedicated and hard working staff. The sports section has received a lot of support throughout the year and would like to recognize the efforts of the following people: Maria — Thanx for all of the creative freedom that you've allowed us. Mr. Totta — Thanks for putting up with the attitude conflicts, mad rush deadlines, stray magazines, and revolving rooms. Mike, Rachel, Julie, Chris and Tiffani — Thanks for all of the help in writing and typing copy. Roland Rick — Thanks for all of your hard work and dedication. Steve Herman — Thanks for all of the photos and last but not least, to Sid — Thanks for the melodies!"

At this time I could probably say good-bye to all of those friends that I've come to know, ... but I won't. Good-byes are too long. I would, though, like to extend my appreciation to Roland Rick and his efforts to help to produce this yearbook. I would personally like to thank those teachers who have helped to influence my life: Mr. Katayama, Mrs. Garrett and Mr. Mongoven. Also on my lists of thanks is Assistant Editor, Paul Hammer. His help to make the 'Sports Section' exist was incredible. To all my friends May you have a pleasant future, and remember to live every day to the fullest. Have a great life! And long live Gueedo!!!

I suppose it's time to say good-bye. I would like to extend my thanks to all those who helped to make the sports section run smoothly, ... well, sort of smoothly. A special thanks to Steve Herman, without whose help the sports section would never have been completed. There are so many others who deserve special thanks. It is to those people that I would like to say thank-you. With that, I say good-bye. P.S. — God Save Sid!

The much appreciated advisors this year were Barbara Dolan and Ken Broach, who ran the show with the help of Bronco Farwell, President, Cara Dseio, Vice-President, Ray Rodriguez, Treasurer, and Dan Broach, Secretary. When the seniors began to feel left out, the A.S.B. provided activities for all those who needed excitement. The A.S.B. members wanted what was best for the school and worked hard

Besides being caretakers, the members took charge of school elections and government. All the activities were paid for with the help of fund raisers. Some of these fund raisers were in the form of dances. This year, the expected participation of the dances was stable and consistent. Another everyday fund raiser that the A.S.B. created was the nutrition break. Everyone looked forward to getting to the cafeteria to pick their snacks in peace before the mobs of people arrived. As you might have guessed, the A.S.B. had a pretty good year that you and I enjoyed.

People Helping People

Club advisor Mr. Katayama and the Key Club members have something in common, the feeling of others before oneself. The work "Key" means "Kiwanis educated youth." The club did community service work this year by painting curbs at the Kiwanis Club in Lake San Marcos. During Christmas, members brought happiness to the elderly in North County by singing Christmas Carols and eating cookies with them. President of the Key Club, Ray Rodriguez, stated, "We enjoyed a fulfilling year not only having fun but helping others."

CSF, symbolizing California Scholarship Federation, enjoyed participating in various activities. The activities that the club participated in were educational. This year, the club visited various college campuses. This was intended to excite the CSF members and to give them a better idea of what college life is all about. Mrs. Clark, the club advisor, stated, "The purpose of CSF is to promote academic excellence." Another activity the club participated in was their trip to the Civic Center in San Diego. The purpose of this trip was to watch the play, "The Nutcracker."

With the help of FFA Advisor McIntoch, the members put together a great show for Del Mar. The members of FFA won many ribbons and placed high among the other contestants. An FFA club member stated "I like the FFA because I enjoy working with animals and other people." The members liked working together with other members for the team unity.

The Academic Bowl team this year consisted of the varsity, junior varsity, and freshman team with the help of three advisors to keep the members on their toes. These advisors were Marcia Stern, Janet Grindle, and Angie Clark. The members spent their time studying on past, present and information on the future for their competitions. These competitions lasted into the second semester competing against other schools in the district and state.

French Expressions

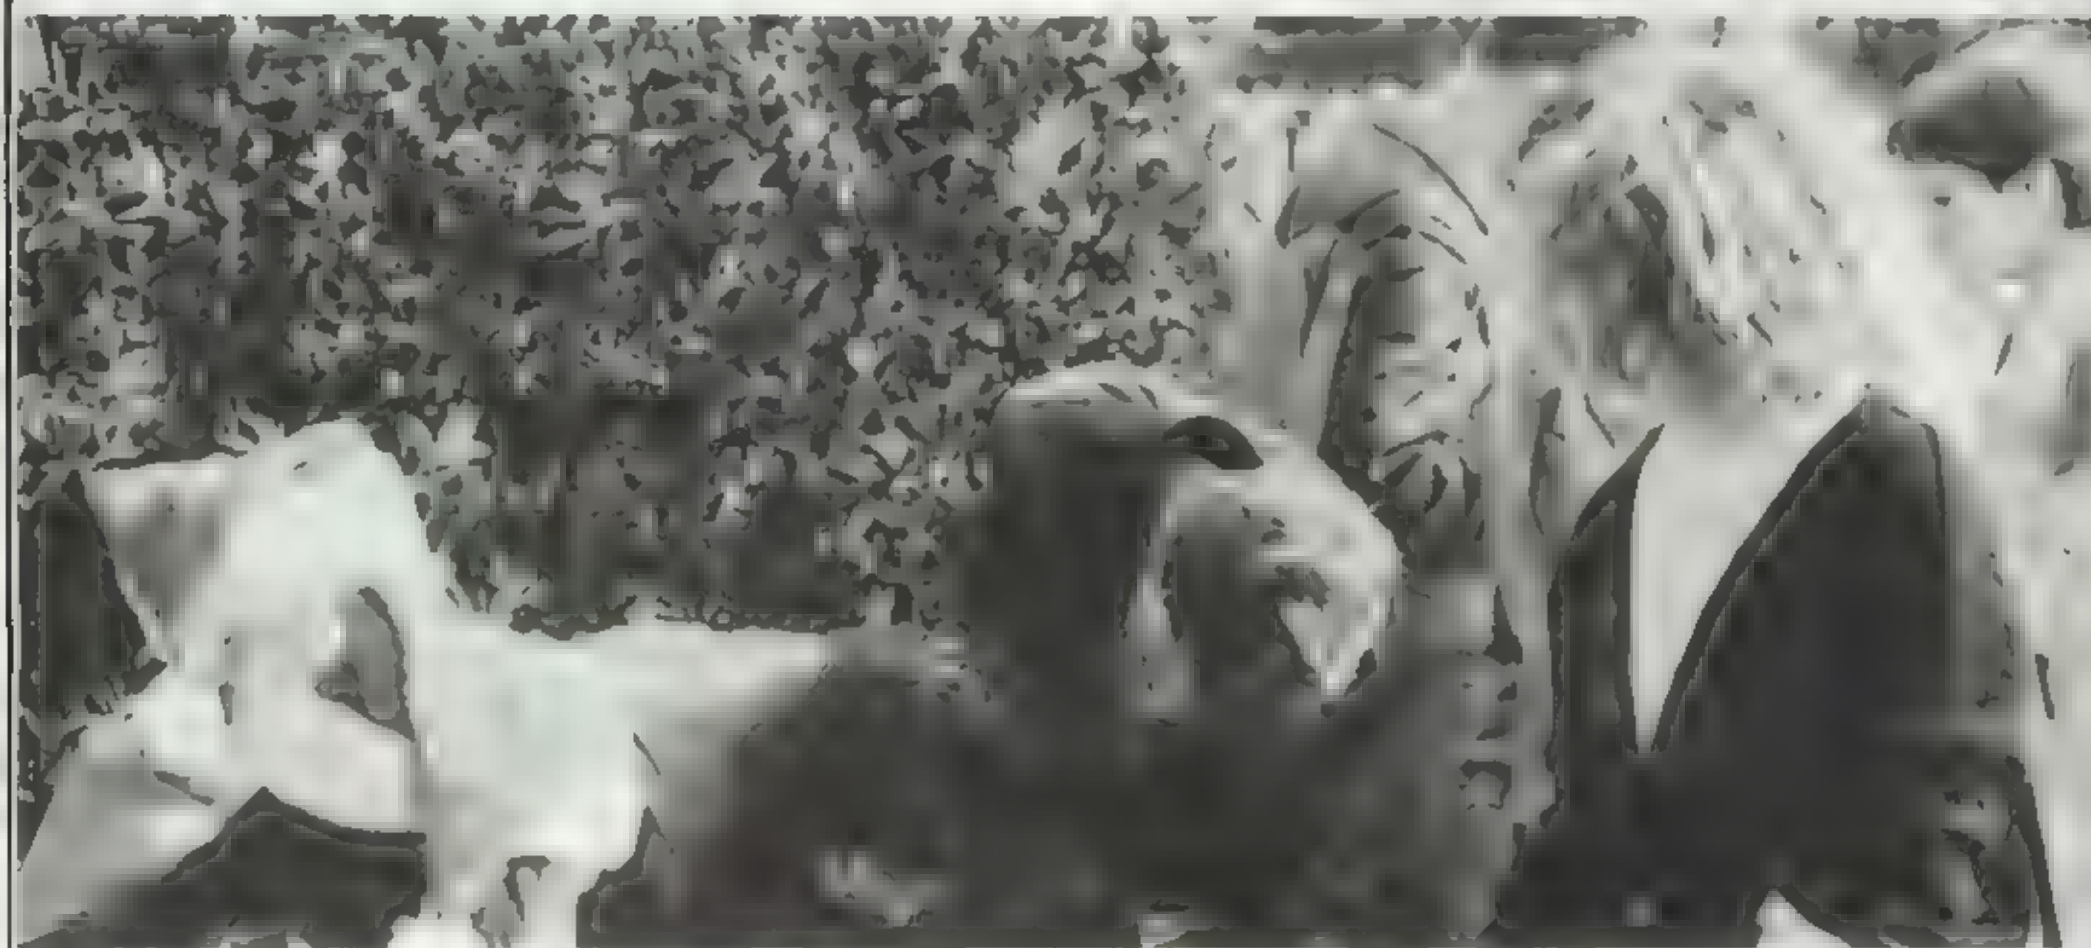

"Writing creatively requires the brain power to rearrange words to form a new feeling on an old idea," said Maria Froehle, a member of the creative writing club. Well she couldn't have said it better, that's exactly what the creative writing club did last year. They participated in writing an annual pamphlet of the Knight Scroll. The members wrote down their thoughts of the past, present, and the future. This club is one of the major clubs on the campus in which the writers can express themselves in literature.

The French Club went to a French restaurant and spoke French to the chef. They sampled escargot, french bread, a variety of entrees and French desserts. The French club was very active during the month of December. The French Club was the only club with a live Christmas tree, which the members decorated. During the Christmas party, the members gave other members French gifts that could be bought at the boutiques in the area. The members learned new Christmas carols and sang old carols with the help of sheet music. Of course they had to have had something to eat so the members brought different holiday cakes to share in the true Christmas spirit. "The Christmas party was chouette" "great!" said Rachel Ledri. The French club celebrated most of the major holidays with a French exchange student, Valerie Tansini, who helped out Mrs. Beliveau in the third year French class.

The Arts

The Art Club with their advisors Mr. Sanders and Mrs. Evans enjoyed producing work that they demonstrated at the yearly S M H S. Student Art Show. Along with their fund raisers, interesting activities were planned to visit various galleries and museums which inspired the Art Club members. "The purpose of the Art Club is to broaden our artistic perspectives," stated Mrs. Evans

At San Marcos High School, we are known for our Spanish Club. Like all high-schoolers, the members like to eat. Fiesta and siestas are the name of the game with club members. But don't let it fool you, all of the fiestas must be paid for by fund raisers. Last year the members sold beautiful Christmas mugs. The Spanish club makes an annual trip down to Mexico where the girls buy bags, blouses, wicker baskets and get a suntan. Unfortunately, the Spanish club couldn't make the trip last year. However they had fun just staying in California buying imported Mexican goods. The Spanish club provided a Christmas party for all members. They exchanged stories about the customs and traditions that are still being used today.

"Presenting the dancing girls of San Marcos High" boomed the speakers in the gym for the opening night of Jazz-N-Stuff. Early last year the members participated in a dance marathon where they danced their feet off. The Jazz-n-Staff is a club that dances without fund raisers and the usual social club agendas. The club bought tee shirts designed by Tah Groen. The girls spend money on leotards, jumpsuits and many records. Sometimes the members would stay after school to practice and polish up their moves.

School Spirit

This year, the members of the Pep Club shared one goal. This goal was hard work and determination. The Pep Club was responsible for all the colorful signs on campus. These signs were used to advertise sporting events, dances and other activities. The Pep Club helped raise the school spirit at San Marcos High School. "One could say we were a side-kick to the Cheerleading squad and enjoyed our work," said Dean Peterson. The advisor of the Pep Club was Mrs. Bujno.

Fin Related Fun

Mr. Shinn, advisor of the Fishing Club, took the task of teaching club members fishing skills and good sportsmanship. The club enjoyed participating in their outdoor activities. Steve Herman, a fishing club member, stated "The Fishing Club gives me a chance to get out, just really relax, and forget about important things." During the club meetings, Mr. Shinn discussed with the club members the time and place of their various fishing trips. There were trips taken to various lakes in North County.

This year, the Surf Team competed in the Y.M.C.A. High School Surf Series. The contests were run with a series of 15 minute 6 man heats. There was one surfer from each team in each heat. The different teams that we surfed against were San Digoito, Torrey Pines, Oceanside, and Carlsbad High School. The dedicated team members got up early to be at the contest by 6:30 A.M. Wayne Lattin, a surf team member, stated "I feel that the Surf Team progressed this year because we were more organized and we surfed better in contests." Some of the top surfers from San Marcos this year were Jim Thompson, Jasper Giamarinaro, Wayne Lattin, Pat Villapondo, and Mike Arthun. The team advisor this year was Mr. Brent

Thinking of the Future

In it's second year as a club, the Computer Club members learned about the machines of the future. San Marcos High School's Computer Club allowed its members to do out of school work on the computers. During the club meetings, the members of the computer club created various computer programs of their choice. The computer club advisor this year was Mr. Ehrenfeld. He stated "The club is planning to attend a trip to a major computer manufacturing company some time this yer." The club also allowed its members to play computer games that usually would not be permitted in school during regular class time

Mr. Bernal, the advisor of the Science Fiction Club and the rest of the club members, shared their ideas about science fiction and had a lot of fun this year. One of the things that the club really enjoyed doing this year was to make movie runs to various science fiction movies. A member of the science fiction club Mike Kreutz said "The neatest thing about the science fiction club is that it allows its members to be themselves and to do their own thing." The science fiction club members also enjoyed reading some of the top science fiction novels. Some of the club members even went as far as to act out their favorite science fiction characters

Working Knights

Last year, some of the members of the Drama Club put on two productions directed by Mrs. Weatherholt. The Drama Club met once during the week at the noon hour when the members discussed plays and organized theater trips. The plays took a lot of work on actions, movements and voice control. Of course the members had to advertise their plays to get actors, actresses and stage hands to participate. The two plays were "The Miracle Worker" and "The Boyfriend." The choices of plays seemed to work together, telling about life in the past and present. The actors and actresses were rewarded for their hard work by sold-out nights and high audience participation.

VICA stand for Vocational Industrial Clubs of America. The VICA Club competed in timed competition of their various skills. The steps of competition are regional, state, national and international. VICA is not just for woodworking, it's for all vocational skills. Dale Tokvam, a draftsman stated "VICA is a way to express your talent to the fullest ability." The advisor of the VICA Club, Mr. Brent, arranges the competition dates and helps to provide transportation.

Over half of the Talisman staff members were brand new to the class this year. Although the members did not know a lot about the process of creating a yearbook, the book was completed. The class was broken down into various sections. These sections were clubs, sports, classes, student life, entertainment, index, and photographers. The members of the class were assigned to work under the editors of each section. The advisor of the Talisman staff this year was Ms. Janine Totta. The advisor from Taylor Publishing Company was Mr. Dick Kerr. Both of the advisors were a definite help in the completion of the yearbook.

Along with the yearbook, the staff created the school newspaper, "The Mark." The paper was released three times over the year. The paper contained information relating directly to the school and its activities.

Queen's Language

Emphasis on writing this year was the main objective for the English department. In the first semester of one English class, a student had already completed seven essays, one term paper and a speech. This was quite an achievement on behalf of the students and teachers alike.

Most teachers in the English department were involved in extra-curricular activities. Mrs. Stern was an advisor for the academic Bowl Team, Mr. Ashby was the Varsity Football coach, Mr. Belcher was the head of the Varsity Basketball Team, Mrs. Lacey was advisor to the literary magazine; last but not least, Ms. Totta was advisor to the Publications class.

English and grammar are an important part of a student's curriculum, and with the help of all the English teachers, this subject continued to thrive at SMHS

It All Adds Up!

Bigger is, for the most part, better. Unless, of course, you're talking about the enormous size of most of our classes. Mr. Katayama said the most noticeable change from last year is the amount of students currently enrolled in each class.

Mr. Katayama also noticed a slight drop in the students' desire to work. He said, "Overall, what the students are willing to do has gone down."

David Thoma, a senior, finds his teacher to be one of the best, because he has a brilliant sense of humor. "Mr. Katayama applies his vast knowledge of mathematics and uses this to help communicate the theories and relative principles needed to acquire excellence. Besides, I think he's grown about an inch since last year."

The science department has gone through some changes recently. Jan Mongoven says, "Our department has grown tremendously in the past couple of years. We now have eight full-time science teachers."

When asked about the budget, Mr. Mongoven replied, "What budget? We do extremely well on a VERY limited budget. It seems that this year, as in the past, money is tight, and teachers and department chairpersons do the best they can with the little they've got. The lack of funds isn't just a problem in the bustling metropolis of San Marcos, either — all school districts are feeling worn down and weary."

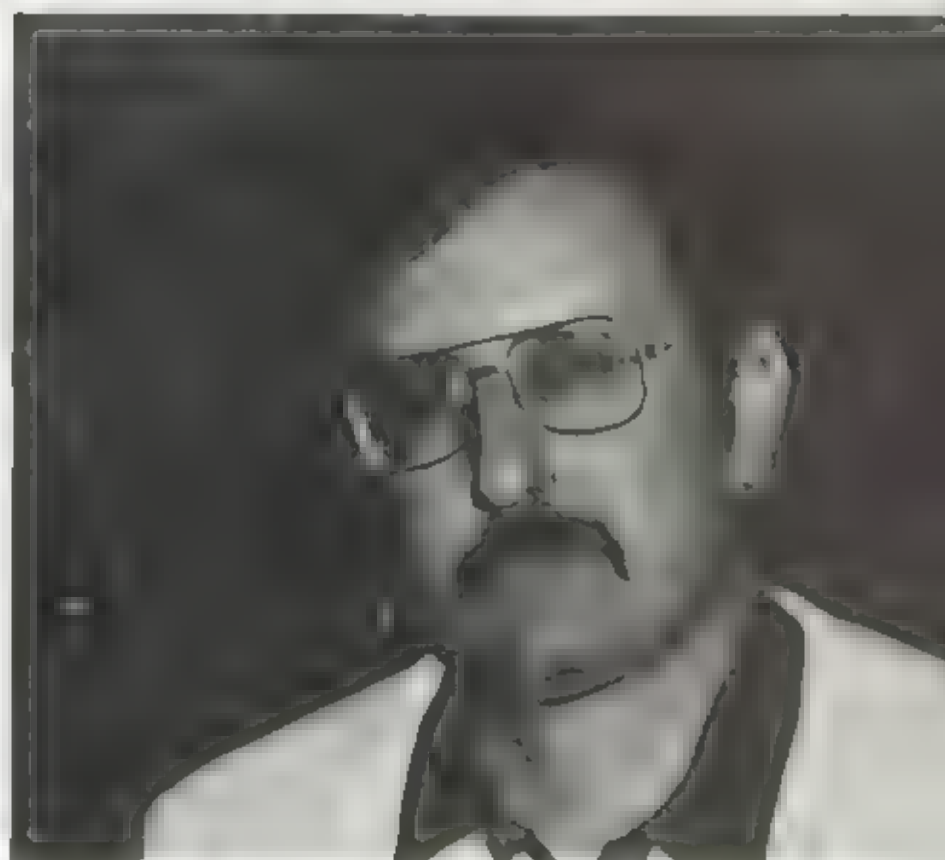

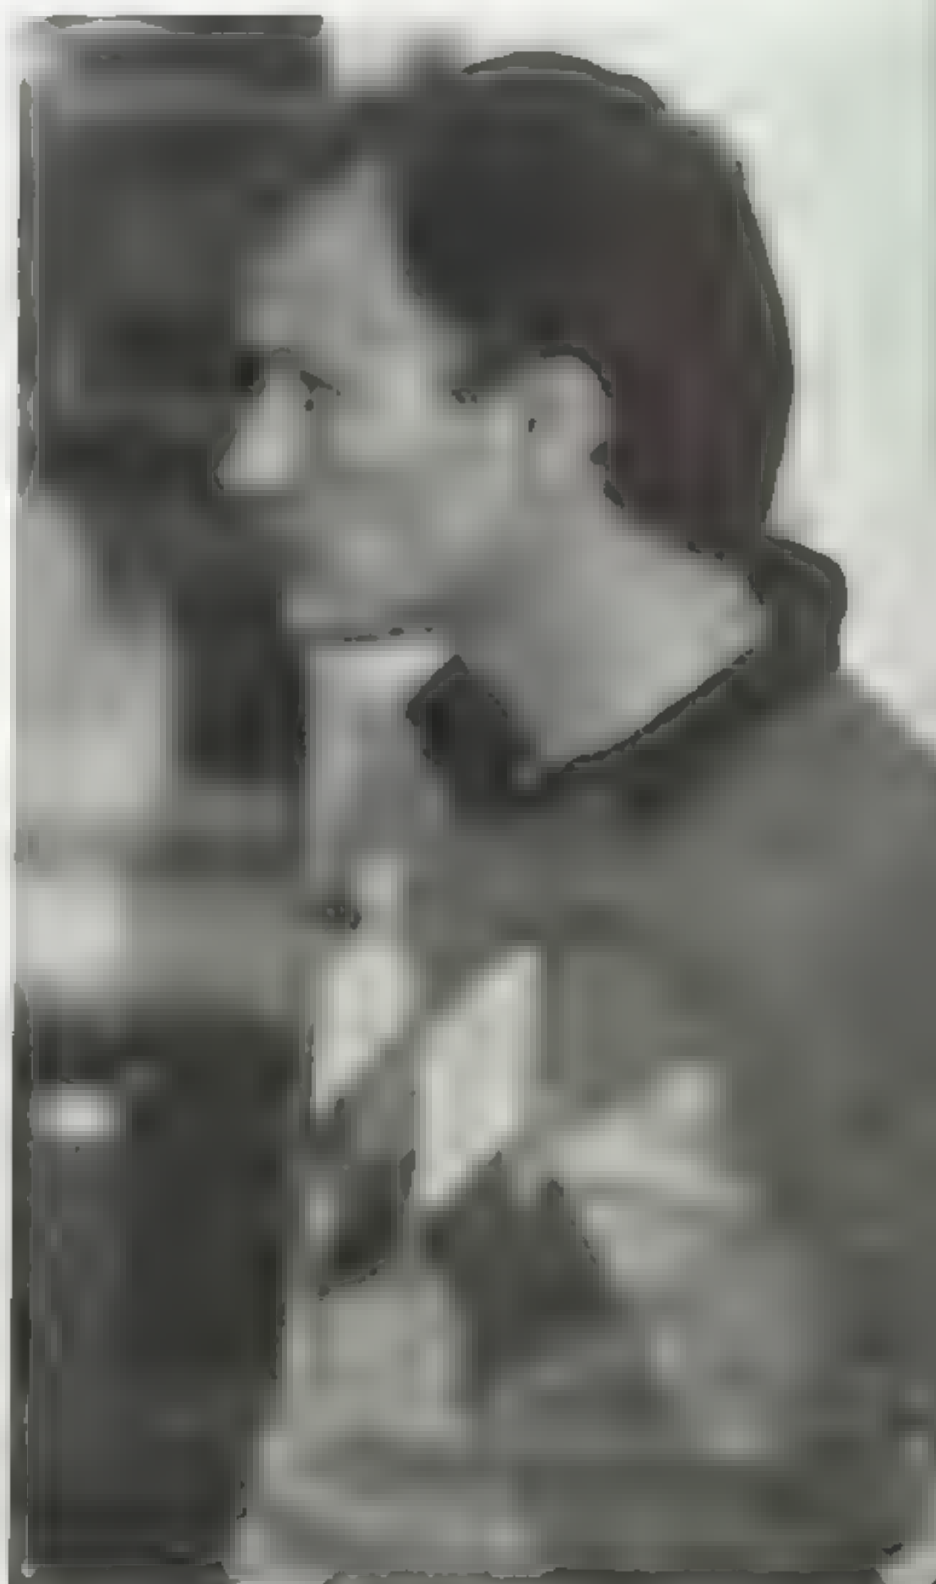

As far as students went this year, we showed some marginal progress over our predecessors. Which was assessed by the positive attitude and desire to learn which was encountered by science teachers

In- humanities?

The social studies department went through quite a change involving the addition of two new classes and three new teachers

Ken Franklin, son of Jerry Franklin, taught 9th grade Decision Making, while Angie Clark and Ric Thompson taught 10th grade history

The Seniors had a hectic year that was filled with many events. Simulated elections, mock court cases, a court trip, and a visit from the registrar of voters made this a busy year for the seniors

Critical Thought, an honors political science class, taught by Bob Harmon and Jerry Franklin, was extremely busy the second semester. Much of their effort was spent on the mini model United Nations project. This class represented a number of countries at San Diego and simulated the problems going on in each country. Overall, the social studies department had an informative and interesting year

Foreign language classes showed an increase in enrollment over the past year. Great improvement was easily seen in student attitude. It seems as if students are becoming more responsible by recognizing the need for bilingualists. Another reason for the increased enrollment is the requirement all state universities have regarding a foreign language: at least two years.

Mrs. Jeri Beliveau was enthralled with her newly formed French III class. It is the first time our school has had an accelerated French class. There are only twenty students in the class this year, but growth is certain. Seventeen students are currently taking Spanish III, but this number is also expected to grow.

The budget in the foreign language department was fair, but certainly not excessive (unfortunately). Money was spent on teaching supplies, new textbooks for all Spanish students, and the always deficient xerox paper.

In southern California, knowing a second language is often helpful and sometimes even necessary.

Off the Record

Mr. Wyatt, photography teacher, provides training at the beginning, intermediate and advanced levels. "The photography dept. allows a student to become interested in photo as either a career or hobby, as well as expanding the student's creativity."

The Talisman this year was put together by a group of hardworking, conscientious people. Although beset by problems, such as scarcity of supplies and time, it was still a success.

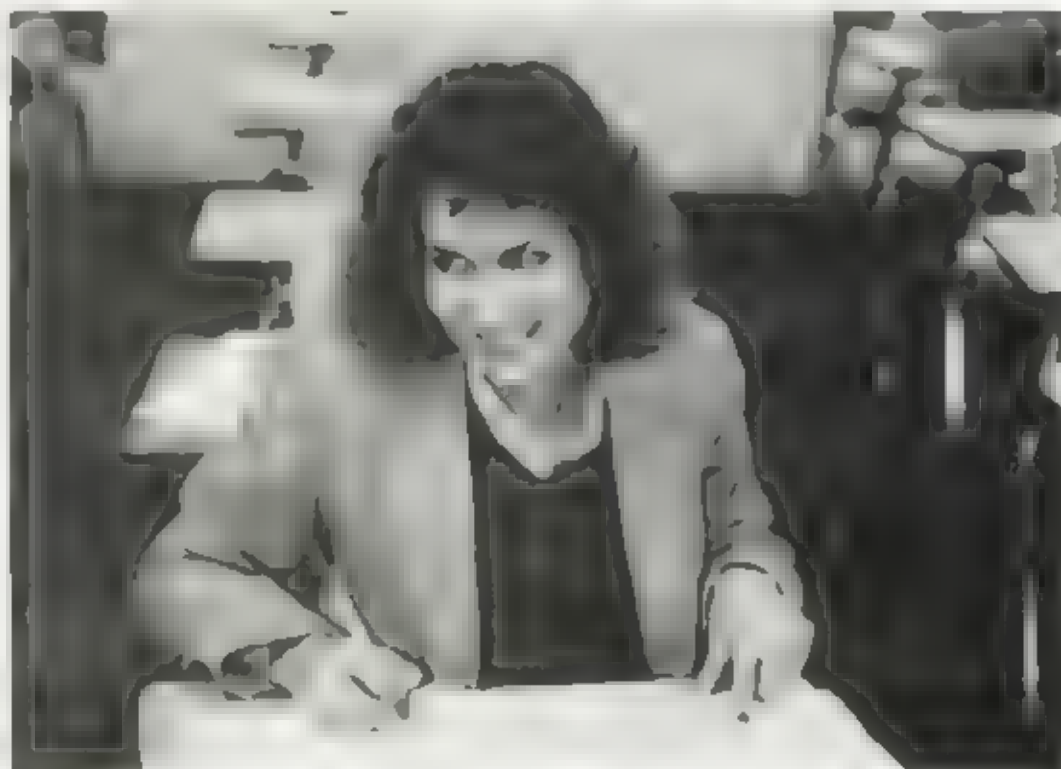

Janine Totta, the yearbook advisor was quoted as saying, "We tried to produce the most professional yearbook San Marcos has ever had, through individual achievement and group involvement." Thanks to her help and understanding the San Marcos Talisman is a great success.

Production Lines

Rather than give a long narrative concerning the drama and music departments, the Talisman staff has decided it would be better to simply let the student speak up.

Blake Harper — "Fine arts classes don't necessarily have to be dancing and singing. There is also a fine art to lighting, stage design, and the technical side of things."

Traci Kriebel — "If you want to fit in with the rest of this class, you've got to be a little bit crazy. When it comes time for curtain call, we're all bouncing off the walls."

Debbie Karrer — "(Band) is something different. We get a chance to do what other people can't do. The field shows, halftime, and parades are a lot of fun."

Matt Robinson — "My future will revolve around the theater, and Drama and Choir will help out a great deal. Choir teaches you how to sing with a group and cooperate with others instead of concentrating on individual effort. This year the choir was a pretty small group and everybody got along with each other."

On the Move

Although the requirements for physical education didn't change, (it's still two years) there was an increase in student enrollment. Off-campus P E. in which students get a chance to improve their skills in racquetball and bowling, had full classes in both periods it was offered. The weight training classes were also full. Mark Nichols, a sophomore, stated, "Weight training keeps you in shape and gets you ready for sports."

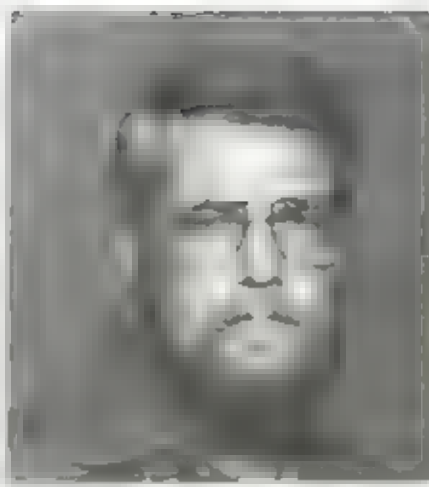

Classes are expected to get bigger and bigger as our school expands

Building a Better Future

ROP, otherwise known as, the Regional Occupation Program, offers students a chance to gain some responsibility and self respect

Mr. Allen Brent, SMHS woodshop instructor, tries to make his classes resemble actual job situations. Instead of merely calling off students' names at roll, he uses a sign sheet

Colin Schrader finds, "Woodshop gives everyone a chance to progress at their own rate. Although I don't plan to make an occupation out of woodworking, those who do get in some good experience here at school. Everyone can take pride in what they make with their own hands."

ROP does not only encompass woodshop classes. It offers many electives, all of which give students ample experience to be effective once they enter the job market

Employable Skills

Homemaking classes may soon be overrun by Juniors and Seniors. With so many classes being required of the Freshmen and Sophomores, it is becoming harder and harder for them to find time for such electives.

Food classes were not even offered because of the low enrollment in fall. It was actually a blessing in disguise, however, if there would have been several food classes offered, this year's budget would not have sufficed.

Mrs. Olga Ritter, the consumer and homemaking instructor, found the budget to be "fair" in relationship to last year. As was so common, the xerox machine seemed to devour more than its share of the funds.

Now, analytically . . . Mrs. Ritter explains

Hard at Work

Special Education is truly a special class. "It gets better each year," says Ralph Bernal director of this class. New teachers were added along with new academic and vocational goals. The autistic children are given a lot of attention and are helped in various ways to overcome their handicaps

Software and new texts were bought with the departments budget although finances were limited

It takes special people to work with the autistic children, perhaps this is why the class is called Special Education

On the Road

The driver's education department did something new this year. No, they didn't use expensive foreign sports cars to train the students. They allowed freshmen to enroll in the class.

Director of the department, Leonard Gann, says, "The students are finding the work difficult. They just need to adjust to high school level work."

Although the budget stayed the same this year, the department was able to purchase new material for its health section.

A lot of thanks goes out towards the people who risk their lives to teach students to drive safer.

Perhaps even more credit should go to the aides who help teachers around the campus.

Teacher's aides do an astronomical amount of work to help lighten the burden off the teacher.

The aides could best be described as a "support team." Most are responsible to help the nonenglish speaking students, while others teach students in small working groups. The aides are always in touch with the students as well as the teacher about individual achievement.

Aides fulfill a great deed in helping the teachers with their work, they are truly a dedicated group.

Aides

The sometimes overlooked work force at SMHS is the instructional aides. From helping in the preparation of materials to the actual one-on-one teaching of the students, the aides are a notable group of diligent professionals with whose help the education of students at SMHS runs more efficiently.

What's This Green Stuff?!

Have you ever wondered how much time and effort it takes to produce all the food we, the students, consume? Probably not . . . but there is a tremendous amount of energy put out so we can ramble down to the lunchroom, decide what we want, and eat a hurried lunch. It is quite unfair the amount of criticism the cafeteria workers get. They deserve applause, these unsung heroes of the kitchen; not the insults they often receive.

With the amount of trash the students turn out, it is absolutely amazing how clean our campus is. Students must take pride in that, but they also must share a little bit of that pride with the custodians. Imagine a world without them! It would become the equivalent of walking through a sullied minefield of muck and mire.

Crossing the street too is no longer a problem. The crossing guards are always out there directing traffic and preserving lives. The public used to think a school zone was a place where you speed up to get past the danger as quickly as possible. But that is not true any longer.

The cafeteria and custodian staff perform what could be termed as a dirty job, but they really don't have to do it. Show them some respect . . . they've more than earned it.

The secretaries are a great service to the faculty of SMHS. Much of the work that is done by the secretaries is work that cannot be done by the teachers or their aides. Their labor is a vital force and without them many things would be in chaos. The faculty owes many thanks to the hardworking secretarial force of SMHS.

Open Once Again

Counseling, specifically the counselors, is one of the most necessary and integral parts of the school system. Without their almost constant guidance, many students could very easily become confused and lost. Many unforeseen problems arise in a student's day to day life, and the counselors are always there to help.

Counselors give a lot of time to students to help them personally and to assure them a great future. Students are really in their debt.

Counselors are not the only ones who guide us in every day life. Not many people realize it but the librarians help students a great deal too.

Although there were conflicts in classroom space, the library was able to solve the problem.

The library is a great service to the students and in their own courteous way the librarians help everyone. It's no wonder the students love to study.

Top of the Heap

The administration comes through with flying colors despite the problems brought on by neglectful students this year. Even the costly vandalism could not deter the efforts of Dr. Walsvick, Mrs. Maki, and Mr. Glusac from the continued progress of this school. Those in honors classes can gain college credits with the advent of the A.P. (Accelerated Progress) program planned. Appetites improved (even in the face of cafeteria food) when Dr. Walsvick mingled among the crowded lines, full of smiles. When the pregnancy issue emerged, support, encouragement, and the necessary board meetings followed with immediate plans to rectify the matter. San Marcos High School's administration put forth a quite but impenetrable front for their students against the pollsters, newspapers, anti-abortion papers, and draft organizations. They can never be thanked enough.

Goodbye to you,
my trusted friend
We've known each other
since we were 9 or 10
Together we've climbed
hills and trees
Learned of love and A-B-C's

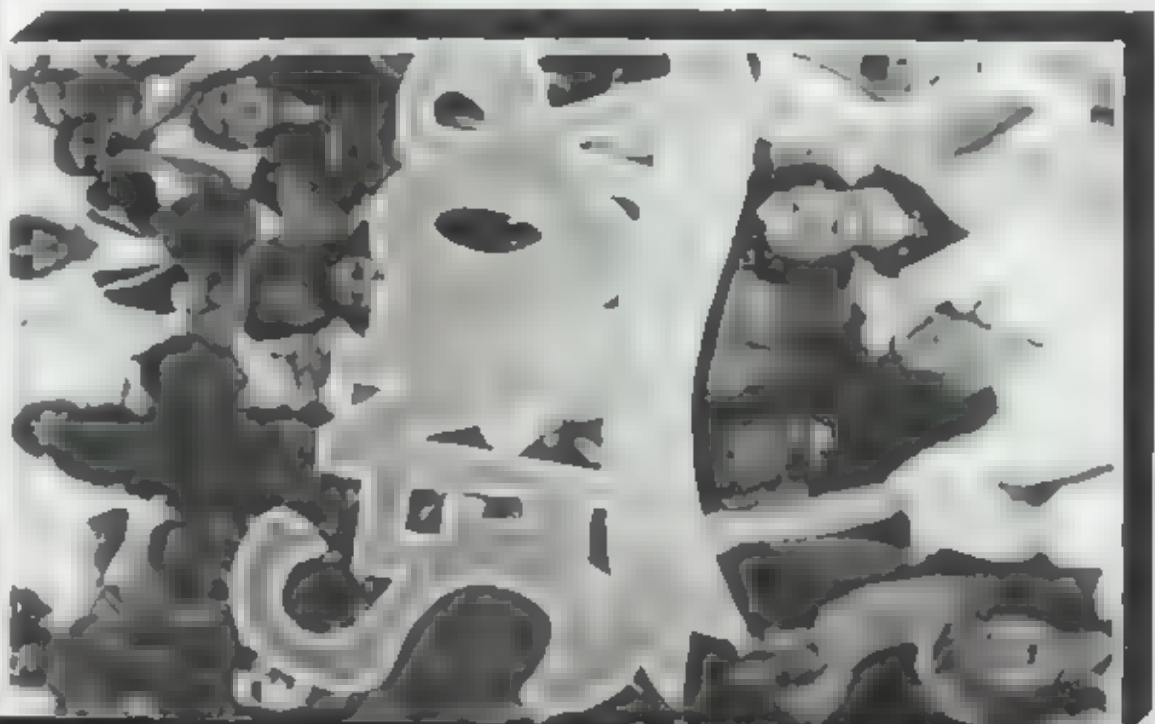

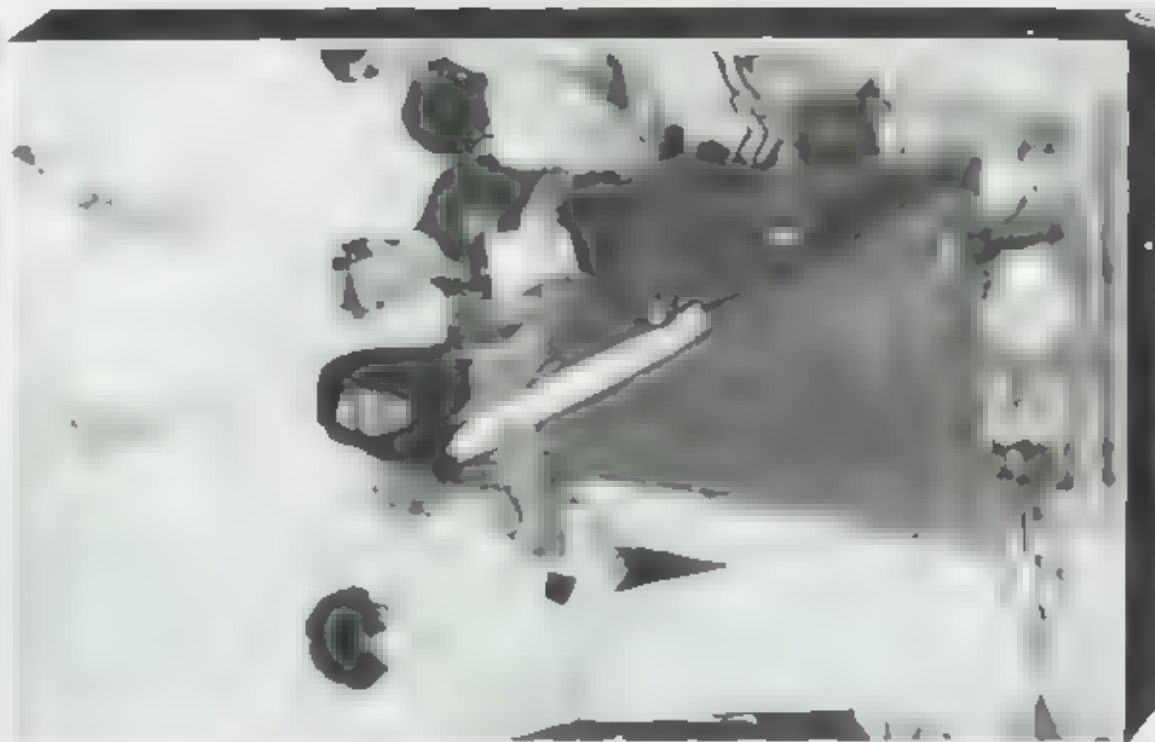

Skinned our hearts and
Skinned our knees
Goodbye my friend it's
hard to die
When all the birds are
singing in the sky
Now that the spring is in
the air
Pretty girls are everywhere
Think of me and I'll be there
We had joy, we had fun,
we had seasons in the sun
But the hills that we climb
were just seasons out of time.

KNIGHTS OF THE YEAR

Maggie Bozanich

Headed for Berkley, "Youth of Tomorrow" Margarete Bozanich continues to achieve the best possible through determination and hard work. Not only actively involved in academics, she has distinguished herself in various clubs, sports, and spirit squads.

She served as the vice-president of the Spanish Club for two years, and is Social Committee Chairperson of the Key Club. Most outstandingly, she aims for a lifetime membership as president of C.S.F. (California Scholastic Federation).

The roster for the drillteam and the short flags twirling team have seen Margarete's name. As California State Champions, Short Flags performed in Japan, along with Margarete, this past November. Consistently in C.I.F. play-offs, she also participated in field hockey.

But she emphasized that "Academics and being independent are very important in my opinion. I hope to someday be my own boss in a field which I enjoy." These fields include math, physics, and computer science.

Bronco Farwell

A.S.B. President Bronco Farwell achieved Soroptimist's "Youth of the Month" in his freshman year. With two years of student council and the Junior Class presidency behind him, Bronco has participated in soccer, golf, track, and four years of football and band.

This vice-president of the Fishing Club has also joined Key Club and the Drama Club. He played in the marching band, Jazz band, wind ensemble, receiving three "Outstanding Class Bandsman" awards as well as "Outstanding Overall Bandsman." Along with this, he is a member of the Bethel Baptist Youth Choir and Youth Ensemble.

Academically, SMHS's honors classes challenged Bronco in history, critical thought, and genetics. His impressive record of school and community involvement earned him this year's male Knight of the Year award.

Hail to San Marcos, silver and blue.
Knights we will always be,
Loyal and true to you.
Hail Alma Mater, our hearts and minds we offer thee.
May your guiding spirit be with us in every word and deed.
Truth and honor, our motto this will ever be.
Blue and silver, colors symbolic of our creed.
All Hail, Alma Mater, this hymn we sing to thee,
All Hail to San Marcos High School, Hail to thee.
